## Community Updates

When you think of dedication and heart, one name stands out: Ray Guevarra. Ray has been part of the Homeport Hampton Roads family since 2010, starting at the Service Desk where he spent ten years mastering the art of customer care. In 2019, he embraced a new challenge and transitioned into Leasing; a move that showcased his adaptability and passion for helping people.

Ray's mission goes beyond leasing units; it's about creating comfort and belonging. He recalls moments when he guided new Sailors through their first experience living away from home, making sure they felt welcome and supported. His calm approach and motto, "Trust the process," reflect his commitment to making every resident feel valued.

Over the years, Ray has helped transform leasing from paper-based processes to fully digital platforms, proving that change is an opportunity for growth. He's also conquered public speaking fears, mastered complex policies, and learned new systems; all while keeping residents' needs front and center.

Outside the office, Ray is full of surprises! He plays guitar (slow rock is his favorite), loves cycling, practices Tai Chi, and enjoys meditation to stay balanced. He's a fan of the Eagles, and when he's not strumming chords, he's exploring the stock market and planning for the future.

Ray's story reminds us that success isn't just about what we achieve; it's about how we grow, adapt, and make others feel at home. Next time you see Ray, say hello; he's always happy to help and share a smile!
